

Walltextile Collections 2025

Dutch
Walltextile
Co.

About

Dutch Walltextile Co., founded in 2014, is a family-owned company driven by a passion for textiles and interior design. Globally acclaimed for our craftsmanship and inventive approach, our skilled designers and artisans work together to produce extraordinary textile wallcoverings using state-of-the-art technology. Through teamwork and close collaboration with our clients, we elevate interior projects and bring interior dreams to life.

A century of craftsmanship

Our Amsterdam-based textile wallcovering production embodies craftsmanship at its core. Due to our century of experience, we meticulously design and manufacture each collection in our own factory, guaranteeing exceptional quality. Our unwavering attention to detail is the hallmark of our enduring commitment to excellence.

Sustainable design

Our design team has carefully curated the DWC collection, incorporating refined colours and textiles. We prioritise the use of premium materials and designs, ensuring long-lasting quality for our wall textiles. Sustainability remains a continuous focus throughout our development process.

First-rate quality

Our collection showcases the epitome of luxury by integrating premium materials such as (Indian) silk, Belgian linen, and Italian velvet. Each fabric is hand-selected for its exquisite texture, lustrous sheen, and timeless elegance, resulting in wallcoverings that exude opulence and sophistication.

Explore

Discover our collection books, offering comprehensive overviews of the latest textile wallcoverings and colours. By ordering these books, you can easily stay updated on the latest trends and designs for your interior products. Additionally, you can conveniently order small A6 samples online to explore the textures and colours firsthand. Perfect for enhancing your interior projects.

Customisation

In addition to our standard collection, we offer the option to incorporate your own fabrics/designs and convert them into wall textiles with a non-woven backing. Furthermore, all our wall textile collections are available as loose fabrics for upholstery, curtains, and cushions. This allows for a full range of customisation options for your project. We offer ordering by the metre to minimise waste and leftover inventory.

Collection

Nomadic

- Agra
- Limbourg
- Turmero Uni
- Turmero Herringbone

The Nomadic collection is a carefully curated range of natural wall textiles. It pays homage to man's wanderlust through different landscapes and centuries. Each series in the collection is linked to a particular landscape or region, which is intertwined with the fibers of the plant species or their processing. The collection consists of four sophisticated ranges that tell a story of unique natural beauty that can be felt and seen in every fiber.

Nomadic

Agra

Amidst the vast fields in India that offer sweeping views of majestic Taj Mahal, lush green fields of jute grow. This tough and natural fiber plant, known for its durability and rustic look, is the source of the Agra range.

Agra 00

Nomadic

Limbourg

The Limbourg serie is an exciting mix of textures and materials, ranging from refined to chunky, using cotton with linen to pure linen. The uniqueness of this collection is enhanced by the use of high-quality Belgian linen. For centuries, Belgium has been renowned for its excellence in transforming flax into beautiful linen.

Nomadic

Turnero Uni

The characteristic leaves of agave plants of tropical Latin America provide the strong sisal fibres for the Turnero range. The sisal wallcovering has a natural look, is strong and hard-wearing and has a rough feel. There is a plain and a herringbone version with a distinctive V-shaped patterns in a balanced colour palette.

Collection

Ocean Bay

- Pontus
- Grunge
- Coconut
- Sponge Bouclé
- Mystic
- Falaise

The Ocean Bay collection draws inspiration from coastal territories, the connection with nature, and most importantly, the ocean. These six series offer a transformative experience by showcasing various themes through the use of light, colour, and textures.

Ocean Bay

Pontus

Width(cm): 130

MOQ(m): 1

Pattern: Free match

Material: 71% PES, 29% CO

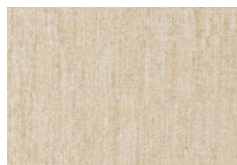

Serie: Pontus

The name Pontus is inspired by the Greek god of the sea. The fabric has a soft sheen with playful irregularities that evoke the sun dancing on the sea.

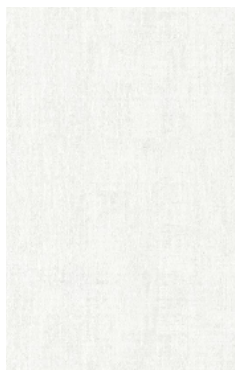

Colour shades may vary slightly between dye lots.

Suedine 05

Suedine 05 project
Serie: Suedine
Interior design: Kolenik Design
Project: Residential

Collection
Dune

The textile wallcovering is designed in cooperation with Dutch designer Osiris Hertman. The design of the soft velvet jacquard with a vibrant pattern is inspired by the traces of the wind left in the sand.

The Originals

Dune

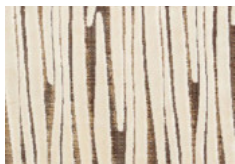

A jacquard woven textile wallcovering with bronze and silver accents and velvety textures in shapes inspired by wind patterns in the sand.

Width(cm): 130
