# About

Dutch Walltextile Co., founded in 2014, is a family-owned company driven by a passion for textiles and interior design. Globally acclaimed for our craftsmanship and inventive approach, our skilled designers and artisans work together to produce extraordinary textile wallcoverings using state-of-the-art technology. Through teamwork and close collaboration with our clients, we elevate interior projects and bring interior dreams to life.

## A century of craftsmanship

Our Amsterdam-based textile wallcovering production embodies craftsmanship at its core. Due to our century of experience, we meticulously design and manufacture each collection in our own factory, guaranteeing exceptional quality. Our unwavering attention to detail is the hallmark of our enduring commitment to excellence.

## Sustainable design

Our design team has carefully curated the DWC collection, incorporating refined colours and textiles. We prioritise the use of premium materials and designs, ensuring long-lasting quality for our wall textiles. Sustainability remains a continuous focus throughout our development process.

## First-rate quality

Our collection showcases the epitome of luxury by integrating premium materials such as (Indian) silk, Belgian linen, and Italian velvet. Each fabric is hand-selected for its exquisite texture, lustrous sheen, and timeless elegance, resulting in wallcoverings that exude opulence and sophistication.

## Explore

Discover our collection books, offering comprehensive overviews of the latest textile wallcoverings and colours. By ordering these books, you can easily stay updated on the latest trends and designs for your interior products. Additionally, you can conveniently order small A6 samples online to explore the textures and colours firsthand. Perfect for enhancing your interior projects.

## Customisation

In addition to our standard collection, we offer the option to incorporate your own fabrics/designs and convert them into wall textiles with a non-woven backing. Furthermore, all our wall textile collections are available as loose fabrics for upholstery, curtains, and cushions. This allows for a full range of customisation options for your project. We offer ordering by the metre to minimise waste and leftover inventory.

# Solace

- Arida
- Serene
- Wombat

The Solace collection brings a sense of quiet luxury to interior spaces. Inspired by the comforting stillness of natural materials and the soft atmospheres they create, each wall textile in this series reflects its own expression of serenity. Tactile structures and matte, refined surfaces come together to form gentle, inviting backdrops that enrich a room without overwhelming it. Solace offers timeless elegance and a harmonious balance of texture, warmth, and understated sophistication — inviting you to explore its three distinctive designs: Arida, Wombat and Serene.

Solace

# Arida

Arida captures the quiet beauty of nature through a textile reminiscent of raw silk. Inspired by sun-drenched landscapes and the organic irregularity of natural fibres, its gently textured surface creates depth and calm. The warm, refined character of Arida brings a sense of serene luxury to any interior, making it ideal for spaces that seek tranquillity with an elegant touch.

Collection

# Nomadic

- Agra
- Limbourg
- Turmero Uni
- Turmero Herringbone

The Nomadic collection is a carefully curated range of natural wall textiles. It pays homage to man's wanderlust through different landscapes and centuries. Each series in the collection is linked to a particular landscape or region, which is intertwined with the fibers of the plant species or their processing. The collection consists of four sophisticated ranges that tells a story of unique natural beauty that can be felt and seen in every fiber.

Nomadic

Agra

Amidst the vast fields in India that offer sweeping views of majestic Taj Mahal, lush green fields of jute grow. This tough and natural fiber plant, known for its durability and rustic look, is the source of the Agra range.
